Re: Sears 1915
Location: Bayamon, PR
Date of Loss: 9/21/2017
Type of Loss: Hurricane Maria / Wind

Dear Ms. Alvarez,

This letter is in response to your letter dated October 23, 2017 (copy enclosed).

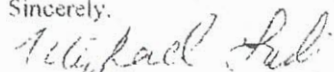

As you are aware, the Sears building sustained extensive damage from Hurricane Maria. Northstar Recovery Services was contacted for emergency cleanup and dry-out to mitigate building damages and protect the building from further damage. Sears is currently in the process of obtaining permanent building repair proposals. Sears intends to repair the building on an expedited basis as material and labor are available. Nevertheless, it may take months for repairs to be completed and the store to open.

We agree the Lease Agreement dated September 6th, 1965, requires the Tenant to repair the building for damage or destruction by fire or other insured casualty. Sears has an insurance claim for this loss but it will take some time for insurance proceeds to be received to this loss. Please let us know what account the Landlord would like the insurance proceeds to be deposited to for building repair. Once the insurance payment is received arrangements will be made for it to be deposited with an agreed bank.

Sears District Facility Manager, Luis Almanza, is the point of contact to discuss on-site permanent building repairs, inspection and provide access to the premises. His cell phone number is (305) 725-0523

Please let us know if there is anything further at this time. As information on the cost of repairs becomes available we will advise further.

Sincerely,

Michael Lodi
